## Gulaga Mountain & The Creation Story Retreat

Hi friends,

A few years ago I was moved and inspired by a lovely Aboriginal elder of the Yuin people, Max Harrison (Uncle Max). Ever since I heard him speak about relationship to land, and about respect, forgiveness and oneness with such simplicity and humility, I have wanted to organise a group to do the walk on Gulaga Mountain where he and his grandsons share the Creation story and reveal the significance of the giant stone beings on top of Mt Gulaga, the sacred mountain that has now been returned to the custodianship of his people.

So, I've finally set a weekend date for this to happen. I need at least 10 people for the 'walk on country' to go ahead. If you are drawn to be part of this experience please email me at [gaby@kilife.com.au](mailto:gaby@kilife.com.au) or call me, Gaby Bonello, on 0414367944.
